INSTRUCTIONS

1. In responding to these requests, please produce all responsive documents in your possession, custody, or control. This means that you must produce all responsive documents within your actual possession, custody, or control, as well as such documents which you have the legal right to obtain on demand or the practical ability to obtain from a third party, including but not limited to any and all documents that you and your counsel or other persons or entities acting or purporting to act on your behalf have actually reviewed.

2. All references in these requests to an individual person include any and all past or present employees, staff, interns, representatives, designees, attorneys, advisors, consultants, contractors, agents, predecessors in office or position, and all other persons or entities acting or purporting to act on the individual person’s behalf or subject to the control of such a person.

3. All references in these requests to an entity, governmental entity, or any other type of organization include its past or present officers, executives, directors, employees, staff, interns,

representatives, designees, attorneys, advisors, consultants, contractors, agents, and all other persons or entities acting or purporting to act on behalf of such an organization or subject to its control.

4. In construing these document requests, apply the broadest construction, so as to produce the most comprehensive response. Construe the terms “and” and “or” either disjunctively or conjunctively as necessary to bring within the scope of the request all responses that might otherwise be construed to be outside that scope. Words used in the singular include the plural.

5. Words or terms used herein have the same intent and meaning regardless of whether the words or terms are depicted in lowercase or uppercase letters.

6. Documents should be produced in their entirety, without abbreviation, redaction, or expurgation; file folders with tabs or labels identifying documents responsive to these requests should be produced intact with the documents; and documents attached to each other should not be separated.

7. Each document produced should be categorized by the number of the document request in response to which it is produced.

8. No portion of a request may be left unanswered because an objection is raised to another part of that request. If you object to any portion of a document request, you must state with specificity the grounds of the objection. Any ground not stated will be waived.

9. For any document withheld from production on a claim of privilege or work product protection, provide a written privilege log identifying each document individually and containing all information required by Rule 45(e)(2)(A) of the Federal Rules of Civil Procedure, including a description of the basis of the claimed privilege and all information necessary for Plaintiffs to assess the claim of privilege.

10. If you contend that it would be unduly burdensome to obtain and provide all of the documents called for in response to any document request or subsection thereof, then in response to the appropriate request: (a) produce all such documents as are available without undertaking what you contend to be an unduly burdensome request; (b) describe with particularity the efforts made by you or on your behalf to produce such documents; and (c) state with particularity the grounds upon which you contend that additional efforts to produce such documents would be unduly burdensome.

11. If any requested document or other potentially relevant document is subject to destruction under any document retention or destruction program, the documents should be exempted from any scheduled destruction and should not be destroyed until the conclusion of this lawsuit or unless otherwise permitted by court order.

12. In the event that a responsive document has been destroyed or has passed out of your possession, custody, or control, please provide the following information with respect to each such document: its title, date, author(s), sender(s), recipient(s), subject matter, the circumstances under which it has become unavailable, and, if known, its current location and custodian.

13. These requests are continuing in nature. Your response must be supplemented, and any additional responsive material disclosed if responsive material becomes available after you serve your response. You must also amend your responses to these requests if you learn that an answer is in some material respect incomplete or incorrect.

14. Unless otherwise specified, all document requests concern the period of time from January 1, 2019, to the present.
